**Re: Homer Jay Simpson (Applicant)
MSC999999999999
EXPEDITE REQUEST FOR I-765 APPLICATION FOR EMPLOYMENT
AUTHORIZATION BASED ON "SEVERE FINANCIAL LOSS TO
COMPANY OR INDIVIDUAL"**

Dear Sir or Madam:

My name is Marjorie Jacqueline ("Marge") Simpson. I am writing this letter in support of Homer Simpson's request to expedite the processing of his Employment Authorization Document (EAD) due to "severe financial loss to company or individual".

My husband Homer Simpson's I-485 Application and I-765 application were filed on October 15, 2020, along with the I-130 petition I filed on his behalf. (MSC999999999999)

Our household bills amount to approximately \$3,500 per month. I am primarily a homemaker but I have recently had to take on a part time job at a bakery. I earn approximately \$1,500 per month. We rely on our savings to cover the difference. It is increasingly difficult for me to pay for all of our bills monthly.

Homer has a job offer from the Springfield Nuclear Power Plan for the position of nuclear safety inspector. If he is unable to accept this position and begin working by January 15, 2021, he and I will experience severe financial loss as I will be unable to pay for our household bills on my salary alone and our savings account is dwindling. Our recent bills are enclosed with this letter as corroborating proof of our unsustainable financial burden. Our savings account statement is enclosed for your review as well.

For the above reasons, I respectfully request that my husband Homer Simpson's EAD be expedited as if he is unable to accept employment by January 15, 2021, we will suffer severe financial loss.

Thank you for your consideration.

Sincerely,

Marjorie Jacqueline Simpson
